The background image shows a person from behind, walking away on a light-colored tiled floor. They are wearing light-colored pants and dark shoes, and are pulling a black rolling suitcase. The background is a bright, red-walled interior space with a doorway leading to a brighter area. A semi-transparent blue box is overlaid on the right side of the image, containing the product name.

Low temperature hydrobox for VRV

HXY-A8

For high efficiency space heating and cooling

- › Air to water connection to VRV for applications such as underfloor, air handling units, low temperature radiators, ...
- › Leaving water temperature range from 5°C to 45°C without electric heater
